

## RADIANT 2000™ OPTIONS AND ACCESSORIES

Spits and Accessories are designed to aid in the cooking of:

- **Poultry:** chicken, quail, turkey duck, etc
- **Meat:** beef, lamb, pork - roasts, ribs or whole, etc
- **Game:** venison, kangaroo, crocodile, etc
- **Fish:** whole snapper, barramundi, perch, etc

**Standard spit:** made from food-grade stainless steel and is designed for use with poultry and small roasts. Skewers for larger roasts are available.

**Roast spit:** features adjustable sections allowing boned lamb legs, whole rumps and rolled roasts to be cooked with ease.

**Book spit:** designed for the roasting of Portuguese style chickens, beef, ribs, fish and vegetables.

**Basting Brushes:** has an extra long handle to keep your hand clear of the heat and drip zones.

**Lifting Rod:** a multi-purpose tool specifically designed to key into the end of the spit making it easy to lift them onto the trolley. The slot in the end of the rod is used to unscrew the hot skewers.

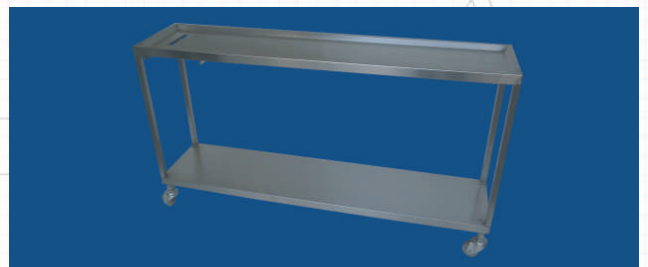

**Sauce Blender:** heavy duty "stab" type. It blends 20 litres of ingredients quickly, and its stainless steel construction makes it easy to clean for reuse with different mixes.

**Racks:** heavy duty commercial quality and are designed for wall mounting. Our racks are available in a variety of sizes and models for different spit types and quantities.

**Crumb Mixer** specially designed to suit medium to high volume businesses. Complete with an in-built water misting feature, it can blend 10kg of crumb mix in less than five minutes.

**Trolleys:** made of food-grade stainless steel these trolleys are designed specially for use with the Radiant 2000™ making it quick and easy to load and unload spits. Our trolleys incorporate a shallow tray-style surface, which drains into a removable stainless pan and have locking castors.
